

YOGA SCHOOL KOSOVO

Conditions for Workshop Modules

Please note that these conditions are only definite for Teachers that are registered with the Yoga Alliance. Please, explicitly talk to us if you are not registered at Yoga Alliance (YA) as we need to adhere to YA standards in the modules if trainees need the modules for the 200 hour course. However, we will try our best to arrange the same conditions for workshop facilitators who are not register at YA.

1. The external teacher conducts a 7 hour yoga training workshop which somehow combines theory and practice. The detailed content of the workshop is up to the teacher. (2 of the 7 hours could also be non-contact-hours, meaning homework.)
2. As a compensation we pay 10 Euro per workshop hour (70 € for the complete workshop)- independent from the number of participants. Additionally we pay 10 Euro for each external participant.
3. We take care of the logistical arrangements, that means we provide a room and necessary material und promote the event among our trainees and other interested Yogi*nis.
4. We have a limited budget for the compensation of travel cost of up to 25 € per workshop. We know that it often only covers a share of the travel cost. However, as we are running YSK on a non-profit model, we cannot cover more. We are happy to help you to find cheap flight options.
5. Normally, we cannot cover for accomodation but we always try to find a private place where visiting teachers are very welcome. Please be content with limited conditions here.
